Welcome aboard! You'll find Patriots who know this is our last chance. We will not submit to tyranny. The Capitol is our house.

You may not love how we smell at the end of a 2000 Mile ride,my wife banishes me from the ensuite to the family bath tub after long rides ,for the after ride scrub down .I keep telling her we smell like a rose compared to how we smelt in the COP's in Afghanistan 🤔

Nice bike! My ex husband and I had an American Ironhorse Texas Chopper [like this](#). It was fun to ride down to Myrtle Beach for bike week.

When we split up I missed the bike riding more than I missed him.

▼ For a long time I considered getting my endorsement so I could ride myself but I really just enjoyed riding on the back. There's nothing like that feeling of freedom when riding a bike though. I miss it but I'm not in a position to get one myself now.

Pics were fine. Hope you guys have a good ride up to DC and safe travels! Give Pantifa and BLM hell!

▼ What is the model for the last pic??

I've always wanted to ride, but all of the bikes I've seen / been around are just too big. But your photos definitely encourage me to keep looking!

▼ Do the math on a 1m fall. Compare with force required to break bones. Now compare with the force needed to break a hyoid bone. Jeffrey Epstein didn't kill himself.

Nice. I don't have a bike at the moment but otherwise I would have ridden too. Be safe and ride on, watch out for antifa messing with the roadways

What are y'all thinking about for parking on the 6th? I'm considering riding in, but I'm somewhat local.

It's not bad if you have the right gear. Leather is very warm and is excellent for blocking wind and chill.

They meant helicopters to throw communists out of. Surely you have heard helicopters referred to as choppers before right?

...that the closest to the camera is taken better.

1 Yeh I am born & bred from Montana High Country so have the cold covered,we ride & work our ranch in snow every year & I spend part of the year guiding Horse Back Elk hunts into the snow covered Mountains every year ,gusty wind is the thing that pisses me off more than anything .

3 Ride safe here in DC or one of the 3 Ps will get you - parking lot, pothole or Pakistani.

6 Yeh, I lived in DC on assignment to DOD in my final months in the Military ,the fucking pot holes are a disgrace & the only reason I agreed to ride down is they have arranged secure off street parking for the bikes.

Be advised there is still sand buildup from a snow event last week. Or was it week before?

Ride safe brother. Thanks for coming to town.
